

Dear Colleague,

I am developing, within a working group, a project in the framework of Interreg Europe Programme commissioned by Campania Region.

The project is focused on Blue Growth and our main need is to adapt and enforce regional policies of the Campania Region ERDF - ROP to this theme. Mostly, we are interested in policies in following sectors: Industrial Innovation, Sustainable Tourism and Coastal and Marine environment Management.

We are interested in partners with experiences in these topics able to share best practices and/or interested in developing new policy plans for own ROPs.

We will give priority to Regional Authorities but we are also open to experienced Regional Agencies.

Please find attached the Project Idea Form, for any further information, please do not hesitate to contact me.

Best Regards,

Alessandro Pennacchio
