

Call for partners – Mobility of youth workers - Erasmus+ Program -

Integra Romania Association, from Oradea (Romania), is looking for European partners in a project by Erasmus+ Program, for Key Action 1 – Learning Mobility of Individuals, in the youth field -> for youth workers.

The Association is a non-profit organization involved in community and socio-economic development, founded in the year of 2000. It has relevant experience in entrepreneurship, social inclusion, social economy, working with young people and other vulnerable social groups. Through many of its projects, the Association has offered and thought entrepreneurship courses to youth and other vulnerable groups, especially in the NV part of Romania. By attending such course many were able to acquired the much needed entrepreneurial skills.

From the intensive experience of the Association in working with young people and their challenges one issue which stands out is linked with the problem of the labour market, and thus the insertion of young people in it. Integra Association supports and encourages entrepreneurship, volunteering, and projects focused on sustainability of the local communities. One aspect of sustainability is linked with the capacity of the local communities in offering jobs and business opportunities.

- The main objective of the project would be the training of youth workers so they may assist the young people in order to facilitate their insertion on the labour market.
- The form of activity carried out through the project-study visit (in a partner country)
