

LA FABBRICA DEL SAPERE

Accademia di Formazione, Ricerca e Sviluppo

“ LA FABBRICA DEL SAPERE s.r.l ”

La Fabbrica del Sapere is an Academy of Education, Research and Development, born to create, develop and disseminate expertise, professionalism and culture at the local and national/european level. We complete an LLP Grundtvig Project with partner from France, Italy, Portugal, Romania, Turkey and all our partners work in the social and training. We do training in the food sector, social welfare, health care, information technology, higher education courses, courses in e-learning with an online software. Our students are young people, adults, workers, professionals, entrepreneurs, and young/adult people in a state of social disadvantage. We do private training and free funded training.
