Deadline: 2012/11/07

## INTRODUCTION

Dantzaz Konpainia wants to search for two partners to present a project to be financed by the Culture Programme, European Union, concretely, in the 1.2.1. line: Cultural Cooperation Projects ([http://eacea.ec.europa.eu/culture/funding/2012/call\\_strand\\_121\\_2012\\_en.php](http://eacea.ec.europa.eu/culture/funding/2012/call_strand_121_2012_en.php) )

Due to the relationship between our entities, we'd like to make you a purposal, and we'd need an answer, as soon as possible, to go on with the project.

We know that we have very little time to prepare it, but we are ready to be the leader of the project, if you agree with it, and we'd make a great effort to achieve the goal.

## GOAL

Create the "EN DEHORS/DANCELAND" Festival, to be made in 2014 in Donostia/San Sebastian, Poznan, and Stuttgart (alphabetical order :-) ), to extend the dance community (formation and education, production and job opportunities, audiences) across the different cities that take part of the project.

## ACTIONS:

A. Make a choreography to be performed at street/non conventional spaces with Itzik Galili.

The three companies will work with Itzik Galili during three weeks, in different times (dates to be appointed later, taking care of all the different schedules)

The choreography has to have four parts (12-15 each): three to be performed by each company, and the forth, to be performed by all companies together.

B. Dantzaz Konpainia will make a new production for theatres for 2014, with a new programme with two choreographies made by Eric Gauthier and Jacek Przybylobicz, and will make the premiere on 2014.

C. Each city/theater will have a similar programme, with these elements:

Day 1: Company A

Day 2: Company B

Day 3: Company C

Day 4: Street programme, with the three companies together, performing the Itzik Galili's choreography.

In Stuttgart and Poznan, Dantzaz, as a first job-platform in Dance, will make some auditions during the festival, looking for young male dancers of each city, to be part of the Dantzaz platform in 2014-15. (the project can be named: EMYD -european male young dancers-)
